SKIRTS That FIT GOOD

**THE SALE WE** give at this particular season is one of mutual benefit. We feel as though we are giving the people of Paducah a great opportunity to buy fine clothes very cheap, and we also realize we are profiting by the sale. We well know the necessity of selling out clean at or near the end of a season, in order to keep our stock always in a saleable condition. Our stock now is too large, and the accumulation of fine goods prompts this action. During this sale we sell goods outright. We will send nothing on approval—nothing will be charged, and all alterations must be paid for by the purchaser. This sale includes every piece of merchandise in our store, and the lady who intends to make any sort of trip can ill afford to miss this sale; she may need only a skirt, perhaps a jacket, a suit, a fine shirt waist, a linen suit, a traveling rain coat, or SOMETHING to wear, and while the store is full of the most fashionable apparel, it is a good time to buy. Sale starts Friday morning and lasts just ten days.
